Stability Statement

Part Number: [33817-AMM](#)

Product Description: Ammonia Test Papers 0-100ppm.

The test papers should be stored in closed vials in a cool, dry place out of direct sunlight. The ideal condition is 25C (77F). A range of 20C (68F) - 30C (86F) is acceptable. Test papers should not be stored in a refrigerator or freezer. Test papers should not be stored where they can be exposed to heat (for example, inside a vehicle or shed).

When stored properly, the Ammonia test papers have a minimum shelf-life of 24 months from the date of manufacture. Under proper storage conditions the strips will continue to perform properly beyond the expiration date.
