CERTIFICATE of ANALYSIS

Product Code: [33820-BTB/L](#)

Product Description: Ammonia Leak Detection Cloth

This cloth has been immersed in an alcohol solution containing 0.2% Bromothymol Blue Indicator and 0.015% Phenolphthalein Indicator.

The dried cloth will turn blue/green in the presence of ammonia.

Each cloth is packed individually in a re-sealable amber bag.
Cloths should be stored in these bags when not in use.
